WELLON WATER SOFTENERS & CONDITIONERS CATALOGUE

- **Smart Water Conditioning Solutions for Every Need**

Wellon presents an extensive range of advanced water softeners and scale control solutions tailored for residential, commercial, and whole-house applications. Whether you're protecting home appliances, improving bathing water quality, or ensuring scale-free plumbing, Wellon softeners are engineered to deliver hassle-free performance — **without the need for salt, electricity, or frequent maintenance.**

Our softeners are powered by **proprietary anti-scaling media** that conditions water by altering hardness minerals, preventing limescale formation while retaining essential minerals in your water. From compact inline designs to high-capacity jumbo and backwash systems, our range is built for **versatility, durability, and efficient flow performance.**

✓ Why Choose Wellon Softeners?

- No Salt. No Chemicals. No Power.
- Easy Installation – Wide Range of Sizes & Thread Connections
- Maintenance-Free Options Available
